On or after January 1, 2005, each state, county and local law enforcement agency that conducts Emergency response and vehicular pursuits shall adopt written policies and training procedures that set forth the manner in which these operations shall be conducted. Each law enforcement agency may create its own policies or adopt an existing model. All pursuit policies created or adopted by any law enforcement agency must address situations in which police pursuits cross over into other jurisdictions. Law enforcement agencies which do not comply with the requirements of this provision are subject to the withholding of any state funding or state administered federal funding.

MS Code Annotated § 45-1-43, effective from and after July 1, 2004.

The obligation of a Sub-grantee is to formulate, implement, and maintain certain written pursuit policies and training procedures which specifically set forth how these operations shall be conducted in accordance with State law. Note that "recipient" means any state, county or local law enforcement agency that conducts emergency response and vehicular pursuits and which may also receive any state funding or state administered federal funding.

A true copy of the law enforcement agency's emergency response and vehicular pursuit policy with pertinent training procedures must be included as an attachment to this Certification and Standard Assurance document. However, when otherwise allowed to submit an alternative for the required documentary confirmation, recipient must specifically identify and acknowledge the use of viable pertinent policies and training procedures, as these factors may be especially expressed through an appropriate letter or timely memorandum of understanding. All relevant information submitted or received shall become an actual documented part of the grant application and thus will be placed within the MOHS master file for grants.

During any occurrence or time period for application, selection, award, implementation or close out of a grant or an award, if the grantee, sub-grantee, or recipient does not show compliance with the statute emphasized above, the grantee, sub-grantee or recipient is subject to the withholding of any state funding or state administered federal funding. Failure of grantee, sub-grantee or recipient to communicate the relevant policy that is required by statute may lead to adverse cost adjustment, disallowance of costs and/or recovery of pertinent project funds. Such recovery may be accomplished on the basis of offset levied against any and all advanced funding, requests for reimbursements, or award of funds.

As the Authorized Official, I certify by my signature below, that I have fully read and I am cognizant of our duties and responsibilities under the emergency response and vehicular pursuit policies statute.
