Paul Griffin, Supervisor, District V

FROM: Dan Gaillet, P.E. *dl*
County Engineer/Road Manager

RE: Purvis Bridge

Under the General Engineering Services Agreement, Mendrop Engineering Resources, Inc. has completed the preliminary assessment, including hydraulic design, surveying, and evaluating various bridge alternatives on the Purvis Bridge, West Madison County.

It has been determined that the best and cheapest alternative is to move forward with extending the existing bridge. As a result, the design and resident inspection during construction for the completion of this work assignment will not exceed \$40,340.00.

Since this fee now pushes this project beyond my \$50,000.00 authorization for General Engineering Services, I am requesting Board authorization to allow Mendrop Engineering Resources, Inc. to move forward with the next phase of this project, contingent on Legal's approval of the contract.
