Re: Canton Municipal Utilities (CMU)  
Relocation of Waterline

As part of the installation of the new storm system being installed on Stribling Road, the county was forced to cross CMU's easement to ensure proper drainage. As a result, an 8" waterline will now be required to be lowered a minimum of 3 feet (per the County's request) to allow the stormwater to flow freely to Lake Caroline.

Therefore, it is recommended that the County pay CMU an amount not to exceed \$11,884.00 to cross CMU's easement and have the waterline lowered.
