**Subject:** BOS Payment for Visioning Process

Tony

Please consider this email a formal request from the MCEDA Board for \$175,000. This is the amount requested from the Madison County general fund to cover the cost of the Visioning Process and partial cost for the Executive Search Firm who will assist in the recruitment of the new MCEDA executive director. It would be helpful if we could get these funds right away as our contract with Vision First call for incremental payments for their services.

Thanks and regards

Ken
