Date: February 21, 2017
Re: Unclaimed Body – Disinterment of Beth Degraffenreidt

At the last meeting, approval was obtained to inter an unclaimed body in a county cemetery. At the time, a search of known relatives had been completed, with no relative stepping forward to claim the body. Since burial, a relative has come forward to claim the decedent's body.

The family will reimburse the county for the cost of the burial.

Please authorize disinterment of the decedent and release of the body to the family's choice of funeral service provider.
