Re: Sinkholes

The County has received numerous complaints about sinkholes due to pipe failures. The Engineering Department is investigating that the sinkhole is the County's responsibility:

144 Camden Shores  
1829 August Bend  
107 Laurel Ridge  
Intersection of Bradshaw Crossing and Fairfield Cove

Various methods will be used to make the above repairs on a case by case basis. As a result, the Engineering Department requests approval to repair the above mentioned area if found to be the County's responsibility.
