Re: Call to Action: Special Session Request

Dear Madison County Board of Supervisors:

The Mississippi Association of Supervisors would like to thank each of you for your hard work and dedication towards supporting public policies to better Mississippi's county government. No funding was approved during the 2017 Regular Session for local infrastructure, including the Local System Bridge Program (LSBP) and the Office of State Aid Road Construction. Governor Bryant has stated that he will call a special legislative session to address the agencies whose budget appropriations were not funded during the Regular Session. We would like to urge all boards of supervisors to sign the enclosed letter requesting the Governor to include funding for the Local System Bridge Program and the Office of State Aid Road Construction on the call for the special legislative session. Should you have any questions please call Steve Gray at 601.353.2741. Once approved and executed by your board, please return the signed letter to MAS, Attn: Yamaiky Bacallao in the enclosed self-addressed envelope.

Again, we appreciate the time and effort each of you provided during this difficult session.

Sincerely,

Derrick Surette
