Re: Right of Way
Distribution Drive

Camper Corral had access into their parking lot at the end of Distribution Drive which was being used as a turnaround by the public. That access point has recently been closed. As a result, a cul-de-sac needs to be constructed so that vehicles are able to turn around.

Therefore, it is the recommendation of the Engineering Department to acquire the three (3) parcels of property to build the cul-de-sac at the end of Distribution Drive and that the cul-de-sac be added to the County's Road Registry.
