To Whom It May Concern:

I, Alexis Olive am in desperate need of moving into a home for which I can afford for me and my kids. I live with my mother with three kids we are sleeping on the floor. I have a ten year old son, a nine year old son and a one year old son. I really need a stable place to stay for my kids and me. I been staying with my mother for two years and the only thing I can afford is a mobile home. Can you please help my family by allowing us to purchase a mobile home and putting it on the land that was given to us from family?

If you have any questions or concerns please feel free to call me at (601) 780-0240.

Sincerely,

Alexis Olive
