Re: Temporary Construction Easement
North Livingston Road

Due to the failure of the culvert and the roadway on North Livingston Road, the County needs to replace the existing pipe with a box culvert. As a result, the County will need to get on private property at the ends of the pipe to properly install the box.

Therefore, it is the recommendation of the Engineering Department for the Board to approve the temporary construction easements at 1106 North Livingston Road, and Lot 3, Spring Brook Farm, North Livingston Road.
