Norman A. Cannady, Jr., Madison County Tax Assessor
Attn: Randi Young-Jerome
P. O. Box 292
Canton, MS 39046-0292

Dear Randi:

Per your request, below is our quote for adding the improvement photo interface to the County's existing software. It is a server based license so as longs as you have the base Apex and Delta sketch piece of it you are good to go. You will also be able to view the photos on the view/print stations. Photo storage will be done in the IFS of the IBM server along with the current Apex sketches.

Software Module	License Fee	Monthly Support	Training Via Phone	Training Budget
Parcel Improvement-Photo Capture Interface	$1,500.00	$30.00	1	$600.00
Services				
Remotely configure software on server with Apex application	$150.00	-	-	-

Training Notes: In lieu of on-site training, quoted is one session of training via telephone by one of Delta's support staff. Since County personnel are familiar with the Apex and Delta sketch applications, training via phone should be adequate and save on the training costs.

If you have questions or need additional information, feel free to give me or Phil a call or email either of us.

Thanks,

Mike Purvis
Account Agent
