MEMORANDUM

May 2, 2018

To: Sheila Jones, Supervisor, District I
Trey Baxter, Supervisor, District II
Gerald Steen, Supervisor, District III
David Bishop, Supervisor, District IV
Paul Griffin, Supervisor, District V

From: Dan Gaillet, P.E. 
County Engineer

Re: Greystone Drive
Drainage Improvements

In the Greystone neighborhood the storm water is carried through a drainage system from Hwy 463 along Greystone Drive. Unfortunately, the system is failing which has resulted in Greystone Drive acting as the conveyor for the storm water.

It is the recommendation of the Engineering Department that the Board approve temporary construction easements and authorize repairs to ensure that storm water is moved back within the drainage system to prevent further damage to the storm water system and Greystone Drive.

Therefore, it is in the best interest of the County and the public's health, safety and welfare to make the repairs, due to:

- Greystone Drive becoming the storm drainage system.
- Pipes have failed within the storm water system.
