Re: Caroline Boulevard Drainage Issues
Madison County, MS

Gentlemen,

As per the request by the Board, we have completed our review of the drainage issues affecting both the county right of way and the golf course on Caroline Boulevard. The solution we came up with is to construct a concrete headwall at the inlet end of the existing pipe to stabilize the eroding soils and then backfill the areas that have eroded.

In order to address the issues, the County would need to employ a Contractor and the estimated cost for the improvements listed above would cost \$7,300.00. In closing, thank you for allowing Warnock & Associates to serve you. If you have any questions, please don't hesitate to contact me at 601-855-2250.

Sincerely,

Warnock & Associates, LLC

Rudy M. Warnock, Jr., P.E.
County Engineer
