MEMORANDUM

November 14, 2018

To: Sheila Jones, Supervisor, District I
Trey Baxter, Supervisor, District II
Gerald Steen, Supervisor, District III
David Bishop, Supervisor, District IV
Paul Griffin, Supervisor, District V

From: Dan Gaillet, P.E. 
County Engineer

Re: Burns, Cooley, Dennis, Inc.
Caroline Boulevard

The Engineering Department recommends that the Board hire Burns, Cooley, Dennis, Inc. to perform geotechnical services to make a determination as to why failures are continuously occurring along Caroline Boulevard, for a fee not to exceed \$6,000.00.

BCD Proposal No. 180001C-136

Re: **Forensic Geotechnical Exploration**
Caroline Boulevard
Madison County, Mississippi

Gentlemen:

We are pleased to submit this proposal for the referenced project. We understand that plans are being made to rehabilitate or reconstruct Caroline Boulevard in Madison County, Mississippi. Our forensic geotechnical exploration will include field sampling (9 pavement cores in the existing asphalt pavement, dynamic cone penetrometer (DCP) tests, and 9 auger borings to a depth of 5 feet) along the alignment of the existing street, laboratory testing, and engineering analyses. At the conclusion of our forensic exploration, a report will be prepared that includes a figure showing the test locations, graphical logs of the borings, results of the laboratory testing, and our recommendations for pavement rehabilitation or reconstruction. The lump sum fee for this geotechnical exploration is **\$6,000.00**.

We appreciate the opportunity to submit this proposal and look forward to providing our technical services to Guest Consultants.

Yours Very Truly,

BURNS COOLEY DENNIS, INC.

Kevin L. Williams, P.E.
