Re: Wetland Mitigation Credits  
Weisenberger Road Project

The improvements being made under the Weisenberger Road Project will require the mitigation of some wetland area. As a result, the Corps of Engineers will require that the County purchase 1.5 credits from the "Wetland Bank".

Therefore, the Engineering Department recommends that the Board approve the contract with Delta Land Services, LLC for the purchase of credits from the Little Bayou Pierre Mitigation Bank, for a fee of \$7,500.00.
