January 15, 2019

Dear Board of Supervisors,

I request that the Board add \$7,500 to the budgeted amount of \$0 in fund 115-251-610-Professional Supplies. The additional funds, if granted, are to be used to purchase the following equipment:

1. Emergency Warning Equipment (Lights and Siren)
2. Winch w/ Winch Bumper
3. Alarm System w/ Keyless Entry
4. A shelf system on an existing pull-out tray that will store and organize emergency equipment for protection of the equipment and better ease-of-use.

I have reused most of the Emergency Warning Equipment from the previous vehicle and will install most of the new equipment myself to keep the cost down.

Thank you for your support,

Minor Norman
Fire Coordinator
