To  
Madison County Board Of Supervisors  
Department Of Planning & Zoning

I am writing in hopes of this body of Supervisors allowing me to put a modular home/manufacture home on my land located at 1172 Highway 16 West. I am now not in a position to have a home built, but will be in a better position in the near future 3 or four years down the road, at which time I will be better off to do so. I was told by Brad Sellers that the board will be meeting June 3 2013 at which time I will attend.

Thank you
