MEMORANDUM

May 14, 2019

To: Sheila Jones, Supervisor, District I
Trey Baxter, Supervisor, District II
Gerald Steen, Supervisor, District III
David Bishop, Supervisor, District IV
Paul Griffin, Supervisor, District V

From: Dan Gaillet, P.E.
County Engineer

Re: Sink Hole
118 Belle Pointe Lane
Belle Pointe

A sink hole has formed due to the failure of a 48" pipe that carries roadway storm water from Caroline Boulevard, across private property near 118 Belle Pointe Lane.

The Engineering Department has determined that the pipes have separated which is causing several dangerous sink holes and repairs should be made to ensure that storm water is moved from point-to-point to prevent damage to the roadway and further damage to the storm water system.

It is the recommendation of the Engineering Department that the Board authorize Utility Constructors, Inc. to perform the repairs, for a fee not to exceed \$36,281.00.

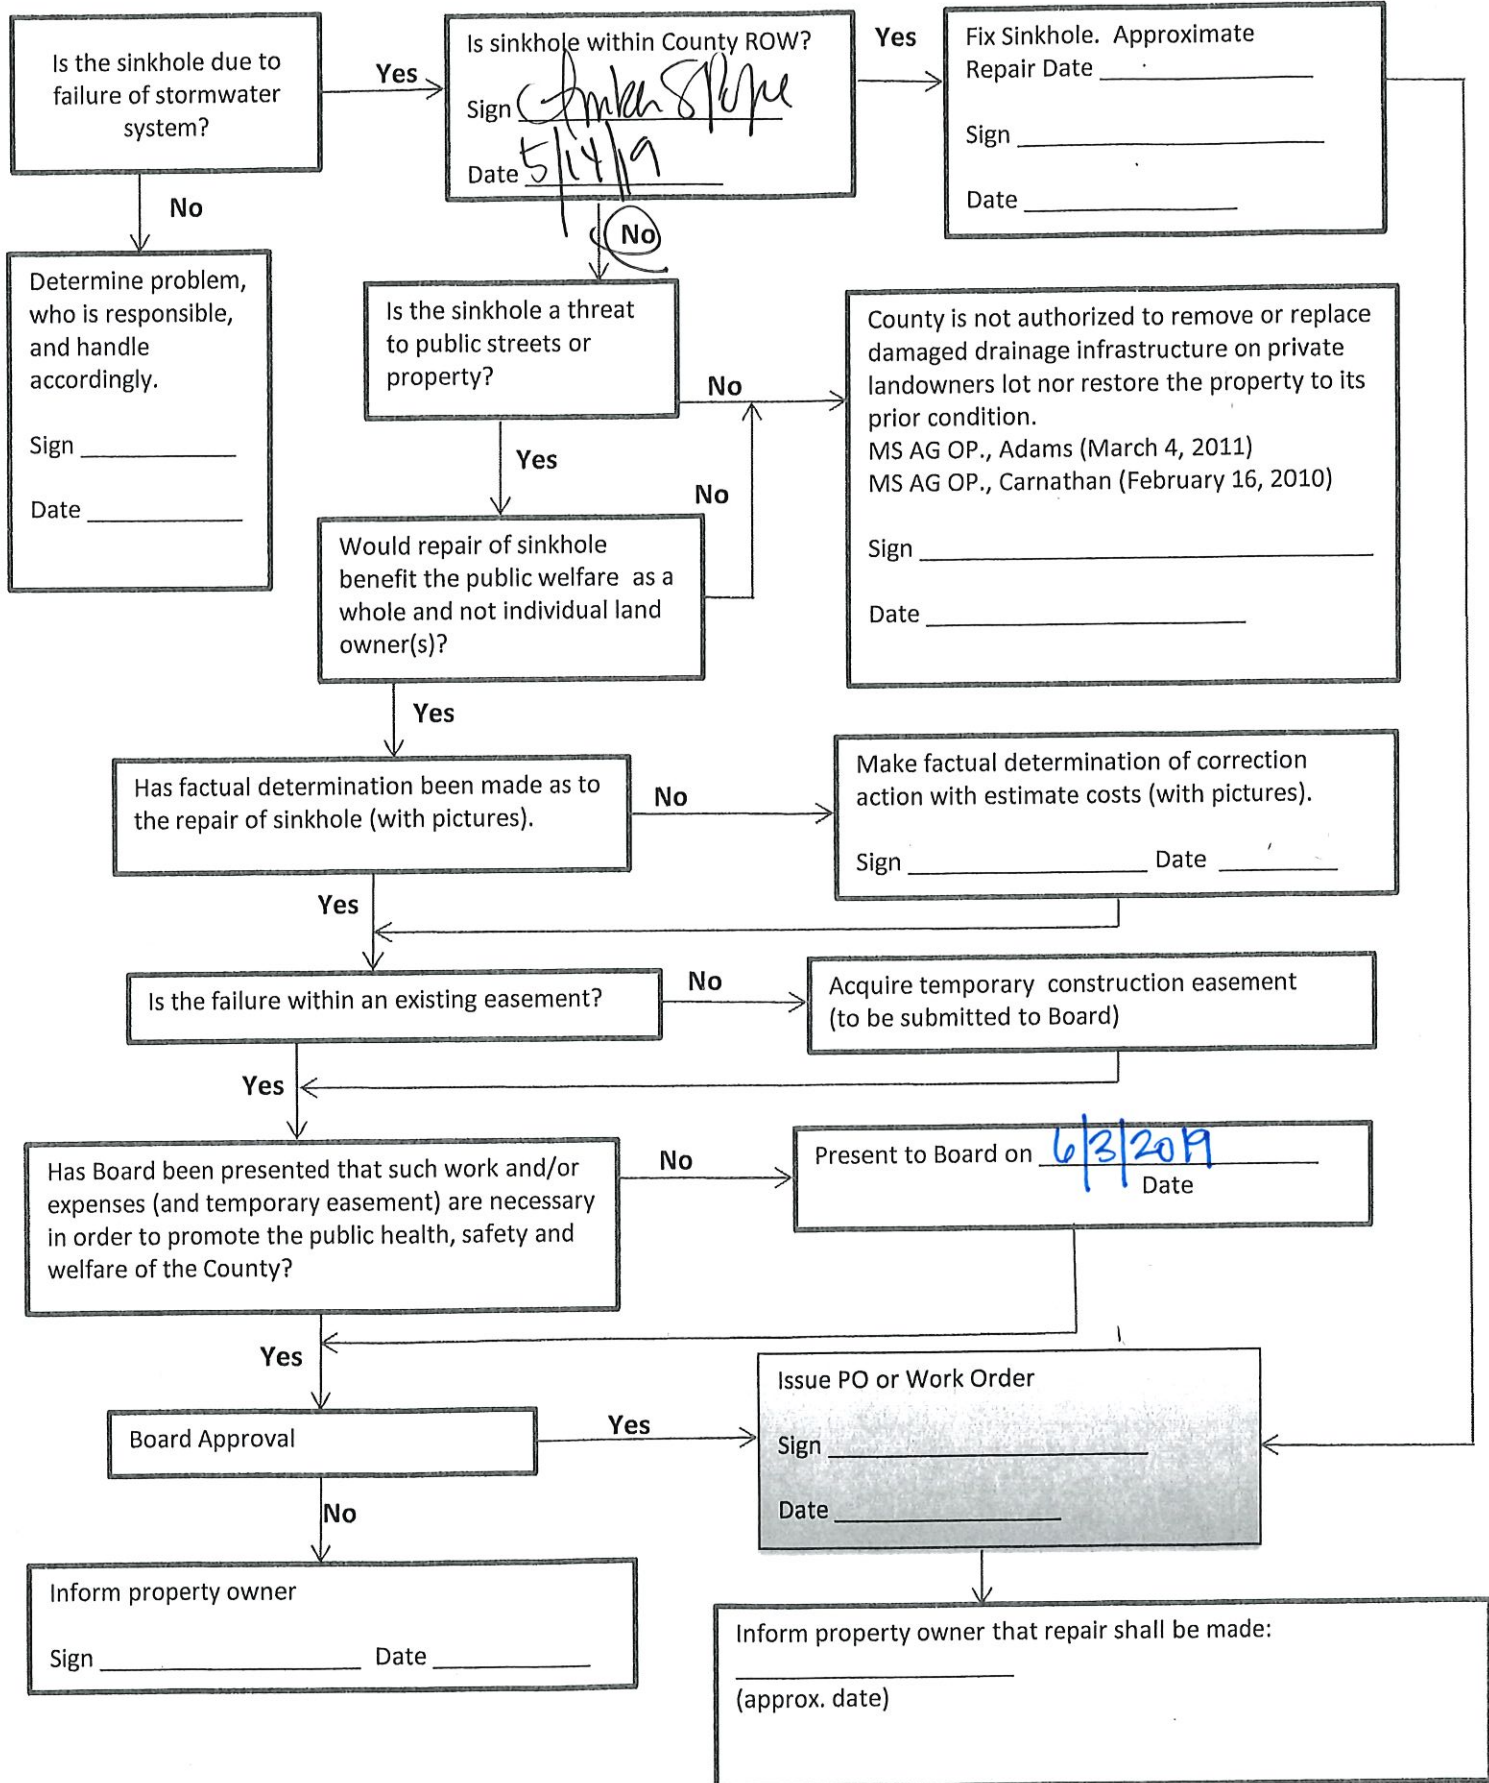

Therefore, it is in the best interest of the County and the public's health, safety and welfare to make the repairs, based on:

- Separated storm water pipes; and
- Water is unable to flow freely; and
- Large sink holes have formed over the pipe failures.
