Re: LSBP Forfeited Pool Funds

Dear Members of the Board:

Under the provisions of Mississippi Code, § 65-37-7 (3) a balance of Local System Bridge Replacement and Rehabilitation Program (LSBP) funds were forfeited recently. This forfeiture created a pool of funds called the LSBP Forfeited Pool (LFP). These funds may be available for use by all counties in need of additional LSBP funds. The application to request LFP funds is available to download on the Office of State Aid Road Construction (OSARC) website in the "Common Files workspace on WebShare.

The application must be completed and returned to OSARC for evaluation. If approved by the State Aid Engineer, a Board Order must be submitted at the point of project award to approve the use of LFP funds.

For questions please contact your OSARC District Engineer, or send questions by email to: mail@osarc.ms.gov.

Sincerely,

A handwritten signature in blue ink that reads "Harry Lee James". The signature is written in a cursive style and is positioned above the printed name and title.

Harry Lee James, PE, PLS
State Aid Engineer

Cc: County Engineer, John E. Mckee, Jr., P.E.
