Dear Mr. Vance:

Thank you for allowing us to quote the Election Commission on the deliver of the voting equipment.

The cost per truck, per day will be \$1,000 each. We will plan on 4 trucks for the delivery out and the pickup. If we see after the delivery that the pickup can be done with 3 trucks, we'll adjust and charge accordingly.

Each truck will have 2 of our people on it to handle loading and unloading. We'll use the same division and schedule of deliveries that the Election Commission has used in the past.

Thank you again for allowing me to quote you on this move. I would be happy to discuss this move in more detail at your convenience. Please feel free to call me at 922-5700, if you have any questions.

Sincerely
