**SUBJECT: COMPREHENSIVE ECONOMIC DEVELOPMENT STRATEGY SURVEY**

**DATE: JULY 10, 2019**

Below is a survey link that we use annually in formulating our next year's program of work and updating the regional Comprehensive Economic Development Strategy (CEDS). As you are probably aware, this annual program of work is part of a continuous, overall economic development program recognized by several state and federal agencies. Several of these agencies which provide grants to local governments now provide additional scoring points for being part of a regional CEDS. This makes the information we receive from you even more important in keeping this process accurate, meaningful, and up-to-date. We want to ensure that all the local governments in our area are given every opportunity to qualify for funding for their various projects.

Please complete the survey no later than August 6, 2019. You are encouraged to list specific projects in the space provided.
