Re: Woodscape of Oakfield, Phase 2
Amended Final Plat

The Engineering Department recommends the approval of the amended final plat of Woodscape of Oakfield, Phase 2. There are no changes to the lots or layout of the neighborhood. Roughly half of the lots have minimum floor elevations shown on the plat. There was a table of known elevations shown on the plat that referenced the top of fire hydrants. After the plat was filed, the elevations of the fire hydrants were changed by the utility company so the reference elevations were not correct. Therefore, the developer has requested to amend the plat with the new reference elevations.
