---

Susan,

I am trying to complete the calculation related to the county's obligation under the Grandview TIF.

In obtaining the TIF bond transcripts, I expected to see a summary of expenditures associated with the bond. What I found was indication that the City received and spent all bond proceeds. This was the same on both bonds that were issued (\$4.5 m and \$7.5 m).

As you will recall, the county only participated for infrastructure related to parks and recreation. Therefore, the county would only be obligated for the portion of debt service associated with parks and recreation expenditures.

Can you provide a summary of the bond expenditures to determine the amounts associated with parks and recreation expenditures?

Thanks,  
SV

(b) The City shall have the right, at its request, to review and approve the plans, specifications and expenditures for all Infrastructure Improvements. The City and the County shall have access to all records pertaining to the acquisition and construction of the Infrastructure Improvements, and no changes which materially affect the overall scope thereof will be carried out without the written consent of the City.

(c) The County will grant to the City any necessary construction and maintenance easements on property on which the County can grant such rights to aid in the acquisition and/or construction of the Infrastructure Improvements.

**SECTION 10. Term of Bonds; Terms and Conditions That Will Cause Agreement to Be Terminated.** The term of the Bonds shall not exceed Seventeen (17) years. The Agreement will be terminated on the later of (1) the payment in full of the Bond Payments or (2) to the extent there is any deficiency owed by the County to the City, pursuant to Section 11 herein, then the date of payment of any such deficiency, but in no event later than twenty (20) years from the date hereof. However, the obligations of the City and the County, respectively, incurred during the term of this Agreement shall not lapse due to a failure or refusal of the party owing such obligation.

**SECTION 11. Manner in Which the Costs of the Infrastructure Improvements Shall be Shared.**

(a) The City has approved its City Redevelopment Plan and its City TIF Plan, and has created its City TIF District. The City will issue the Bonds for the purpose of financing the Infrastructure Improvements associated with the Project. The Bond Payments shall be the responsibility of the City and shall be paid from the TIF Revenues.

(b) The County has approved its County Redevelopment Plan and its County TIF Plan, and has created its County TIF District. The Bond Payments shall be the responsibility of the City and shall be paid from the TIF Revenues.

(c) There shall be created by the City a "Madison Grandview Phase 3 TIF Fund" which will be held as a separate fund by the City. The City will provide to the County a schedule of Bond Payments, which schedule may be adjusted from time to time to account for any changes in fees of the Paying Agent, prepayments of principal, or other change in Bond Payments.

(d) The County Portion is dedicated to the County Infrastructure Improvements portion of the Infrastructure Improvements. To provide for the Bond Payments, the County will pay to the City annually on or before May 15 of each year the County Portion of its County Ad Valorem TIF Revenues equal to the lesser of: (1) fifty percent (50%) of its County Ad Valorem TIF Revenues received during the twelve (12) month period ending on the last day of April next preceding; or (2) the amount of principal and interest to mature and accrue on the Bonds on the then next two (2) succeeding Bond Payments. The City shall provide a statement of the amount required each year for the Bond Payments to the Chancery Clerk, and any supporting information reasonably requested. Such County Portion received by the City is credited to the Madison Grandview Phase 3 TIF Fund and disbursed as provided in Subsection (e) of this Section.

(e) To provide for the Bond Payments, the City will divert a sufficient amount of its City TIF Revenues and deposit same into the Madison Grandview Phase 3 TIF Fund to provide for the payment of the principal of and interest on the Bonds as the same shall mature and come due.

(e) (1) Within the sole discretion of the City in the event that a debt service reserve fund is required for the sale of the Bonds, or is in the best interest of the City, then the City may provide for the establishment of such fund in the Bond Resolution; provided, however, that such debt service reserve fund, if any, shall not operate to reduce the amount of the annual payments to be made by the County provided herein.

(2) Provided, however, that in the event that the City does establish a debt service reserve fund, the debt service reserve fund will be used for the final Bond Payment. To the extent that the moneys provided by the County, together with any moneys from such debt service reserve fund, exceed the amount needed for the final Bond Payment, then any surplus moneys shall be returned to the County.

**SECTION 12. TIF Revenues from the Tax Increment Financing District; Security for Bond Payments.** It is agreed that the City may include as sources of payment for the Bonds and pledge the TIF Revenues provided for in Section 11 herein for the Bond Payments.

**SECTION 13. Effective Date.** This Agreement will be effective when it is approved by the respective governing bodies of the City and the County and by the Mississippi Attorney General. The initial term of this Agreement shall commence on the effective date hereof and extend through the Final Bond Payment Date.
