June 21, 2013

This is only a brief summary, not a contract. Please see policy for full details, limitations and exclusions.

Important – Please Read

As you review our proposal, please keep these thoughts in mind:

Always refer to the policies for specific coverage questions. Our proposal is a general overview only. The policy contract determines where and if coverage is available.

Consider flood and earthquake coverage. Neither flood loss nor earthquake loss are covered under standard property policies. All of us have exposure to floods and earthquakes.

The property and liability limits that we illustrate in this proposal are options only. We can provide additional alternative limit options if you request. The selection of limits is solely your decision.

Please notify us throughout the policy year of changes in your business that may affect your exposure to risk. Failure to do so may result in uncovered losses.

Our inspections, reports and recommendations are provided to assist in your efforts to establish and maintain a safe workplace and not to warrant workplace safety or compliance with applicable laws, regulations or standards. Our observations and suggestions are not a substitute for legal advice. You bear this ultimate responsibility and are encouraged to seek appropriate legal counsel when implementing a program or process to maintain a comprehensive workplace safety program.

Loss control is a daily responsibility of your management. Our visits are not a substitute for your own loss control program. Recommendations are developed from conditions observed at the time of our visit. They do not include every possible loss potential, code violation, or exception to good practice.

The solvencies of the insurance carriers that you select are of utmost importance. Unless noted otherwise, all carriers have a Best Guide rating of A- or better.

In order to offer you choices, our agency maintains relationships with a number of insurance companies. Most of these companies pay our agency a commission when we place coverage with them. Some companies issue policies on a net basis to us, and we, in turn, will charge you an agency fee. Some companies do pay our agency a contingency commission at the end of the calendar year if the group of insurance customers placed with that company have been profitable. Such an arrangement is an incentive for our agency to work with you to prevent losses as well as send profitable business to insurance carriers.

Our relationship with you is based on trust and we do our best to make no representation that would mislead anyone about any aspect of the products or services that we offer.

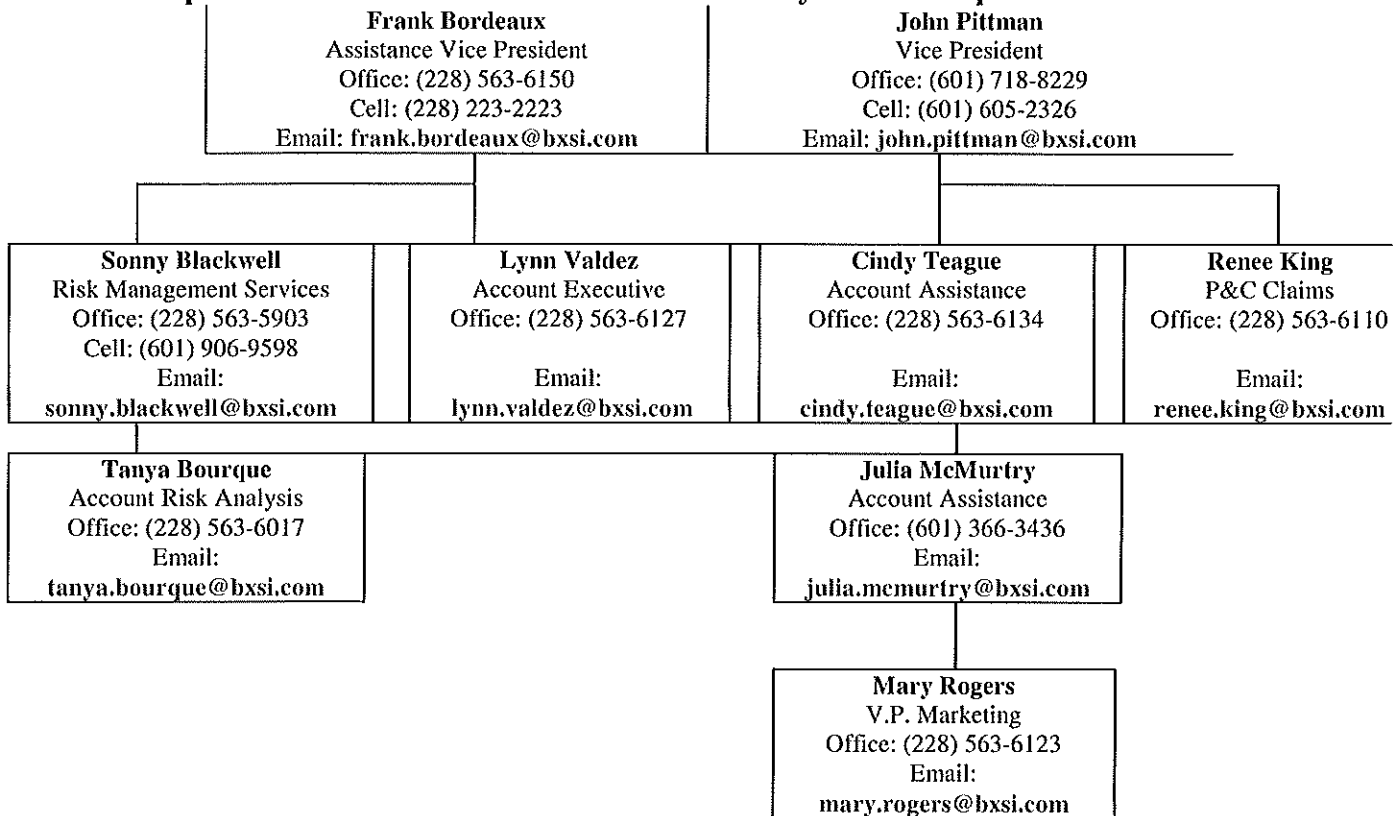

We value your trust and have always held it in the highest regard; therefore, we will continue to do all that we can to fully represent you in the insurance market place.

**This is only a brief summary, not a contract. Please see policy for full details,
limitations and exclusions**

Madison County Board of Supervisors Property and Casualty Insurance Program Team

BancorpSouth / Stewart Sneed Hewes will assign dedicated Property and Casualty Brokers and Account Executives to your account. This team is solely dedicated to complex Public Entity placements. Our team meets one day a week to review market trend and developments in the market, which are routinely shared with our clients

Proposed Steward Sneed Team for Madison County Board of Supervisors

This is only a brief summary, not a contract. Please see policy for full details, limitations and exclusions

Marketing Process and Timeline

There are three key stages to our placement process that allow us to achieve Madison County Board of Supervisors' desired objectives:

Target: (typically 160 days before renewal dates)

- Review Changes in market conditions with Madison County Board of Supervisors' team, and discuss any changes in the County's organizational needs.
- Provide unique and in-depth analysis of the current program structure and limits, including the identification of different program structures and policies
- Work in conjunction with the County to create aggressive, but achievable goals for the renewal, including broadening coverage determining strategic long-term partners for the Property and Casualty programs while keeping premium cost as low as possible.
- Create a plan for the marketing of the renewal.

Prepare: (typically 120 days before renewal dates)

- Update underwriting models (RMS, Pictometry and other analytical tools as discussed below) and update/review Press Report for your review.
- Set dates and an agenda for underwriting meetings. The meetings will be agenda-driven and carriers will identify in advance those areas that they most need to address.
- Create a market submission with specific coverage goals, proposed policy enhancements, and an enforceable timeline.

Engage: (Renewal Process typically completed 30 to 90 days before effective date)

- Review of your submission to the decision marker at each insurer.
- In-dept follow-up conversations between Brokers and the Insurers' decision-makers to articulate our renewal goals.
- Insurer meetings and Insure loss control surveys as needed

This is only a brief summary, not a contract. Please see policy for full details, limitations and exclusions

Marketing Process and Timeline (cont.)

- Delivery of quote options to Madison County Board of Supervisors with a breakdown of premiums, coverage differences, and recommendations in accordance with the agreed timeline, as well as options for each layer.
- Completion of all subjectivities prior to renewal date.
- Delivery of unconditional binders to Madison County Board of Supervisors prior to the effective date.
- Deliver of policies in accordance with the agreed timeline.

This is only a brief summary, not a contract. Please see policy for full details, limitations and exclusions
