Quote for turnkey selective herbicide application to Madison County Rights of way on designated paved roads. Road miles will be a minimum of 300 centerline miles. A centerline mile equals one mile on both sides of road.

A three application bermuda grass release program will be utilized so as to control undesirable broadleaf plants and tall growing grasses. Bermuda grass will not be harmed. Program will be well timed and will coincide with weather patterns, growth stages of plants on the rights of way and Madison County mowing cycles. The spray program will decrease the need for repetitive mowing cycles during the growing season.

Spray swath shall be a minimum 16 foot on each side of road as done in 2017, 2018 and 2019.

Helena to supply all computer injection equipment, with flashing arrow sign boards, EPA approved herbicides and drift retardant, empty container disposal. Herbicides include Esplanade, Barrage, MSMA, Oust , Method, Roundup Pro Concentrate, Trycera, Escort, with Ground Zero.

Truck operators have 3 year's experience spraying in Madison County and are familiar with the "no spray" areas requested by property owners.

Price per centerline mile \$ 71.70 per application.

Madison County to supply spray map designating roads to be treated. Centerline miles to be treated will be a minimum of 300 and centerline can be increased at Madison County's discretion. Designated roads may be State Aid Roads or paved county roads or a combination of each.

All work guaranteed. Licensed Applicator proof attached.

Helena will be responsible for obtaining spray water from the water associations in the county.

I hope you know what it costs you
a mile or an acre to mow.

If you don't, you may find the attached
costs of the MS D.O.T to mow
both "in house" and "contract."

Mowing 16 ft on both sides of road
will total 3.87 Acres per centerline
mile.

For "in house" mowing:

$$3.87 \text{ Acres} \times 41.61 = \$161.39 \text{ /mile}$$

**MISSISSIPPI DOT
MOWING COSTS/A, 2018**

"in house"

"contract" **\$30,36**
