Re: Agreement(s) between Madison County and Waste Management for solid waste collection services and recycling services

Dear County Administrator:

Due to recent flooding in central Mississippi, Waste Management of Mississippi, Inc.'s ("Waste Management") ability to perform its services to all residents covered by the above-referenced Agreement has been negatively impacted. The Company's normal services have been affected by this flooding which constitutes a force majeure event or event due to uncontrollable circumstances under the terms of the Agreement and Mississippi law. This flooding has resulted in the impassability of certain roads and in some cases have hindered Waste Management's ability to provide normal service. We regret this situation and intend to resume normal services to all residents as soon as possible once we are able to access areas impacted by the flooding. In the meantime, please contact us regarding these or any other services we can assist you with during this interim period.

Thank you for your cooperation and understanding.

Sincerely,

A handwritten signature in blue ink that reads 'Leah Talbot'.
