MEMORANDUM

May 27, 2020

To: Sheila Jones, Supervisor, District I
Trey Baxter, Supervisor, District II
Gerald Steen, Supervisor, District III
Karl Banks, Supervisor, District IV
Paul Griffin, Supervisor, District V

From: Tim Bryan, P.E.
County Engineer

Re: Logging Permit
Request for Surety

The Engineering Department is recommending that the Board require Welch Forest Products to provide some form of surety for logging operations they have requested a permit to perform. These operations will generate in excess of 1600 loads of logs at a weight of roughly 84,000 lb/load and use county roads not built to handle that type of weight.

The current Madison County Heavy Haul permit states that the company authorized to perform the work under the county approved permit is responsible for all damages to county roads caused by their operations. The additional requirement of a bond only ensures that this stipulation of the permit is followed.
