Re: 107 Kenzie Court
Ashbrooke Subdivision

The Engineering Department has determined that the pipe draining roadway water from Kenzie Court, between 106 Kenzie Court and 107 Kenzie Court, is blocked, either by debris or a failed pipe. As a result, water is backing up and flooding Kenzie Court.

It is the recommendation of the Engineering Department and in the best interest of the County and the public's health, safety and welfare that the Board approve work on private property, allowing the pipe to flow freely and alleviate the flooding on a public street.
