Re: Update on Smith Carr Road Drainage Improvements  
Madison County, MS

Gentlemen,

The Road Department has been working on clearing and grubbing the above mentioned ditch now for about two weeks. They are progressing nicely with the improvements to the ditch and are around 90% complete with the clearing. Within the next week or so, they will begin with the widening of the ditch and the improvements should be nearing completion around the end of August, weather permitting. This is a major project involving extensive earthmoving and the Road Department is doing an excellent job.

In closing, thank you for allowing Warnock & Associates to serve you. If you have any questions, please don't hesitate to contact me at 601-855-2250.

Sincerely,

Warnock & Associates, LLC

Jimmy Vickers  
Construction Manager
