Subject: technicians for Nov. election - Willis

Shelton,

Our extra technician, other than Rodderick Green, isn't available for Nov. – her name is Tressa Carlisle. We do have someone that is familiar with all the various election machines, and has helped us on election night the past 5 elections. He would be able to fill in for Nov. 2nd, 3rd and 4th –at \$25 an hour for 35 hours, total - his name is Zack Willis. We would need for him to have a W9 form to give to Christy. *Would it be okay to have him as a replacement for Tressa Carlisle?*

Also, Gavin is requesting a 3rd technician for election day for 15 hours @ \$25 – to help handle the extra load for the day. This technician would need to be approved via the BoS on, I guess, the consent agenda. Would this person, also, need to fill out a W9, if approved by the BoS?

Thank you,

Julia
