Scott I am requesting an exemption for property located in Flora on Hwy 49 and Middle Road. I would need to place a mobile home on the property, until we can get a home built. We are scheduled to close on December 7, 2020 so we would need to leave our home by the end of November. The land which I am referring to is in title is book 483 page 316 2001 for the year. I would like to present this to the board of supervisors for approval to place the mobile home temporarily, we will not request a renewal. We will exceed two years if weather permits. I have spoken with Karl Banks concerning this request and as to my knowledge there is only one person who may possibly oppose. Thanks for your Support.
