Wonderful. Thank you for this work. Yes, the described equipment should give citizens necessary hearing assistance in our three (3) Chancery Courtrooms.
Please advise when the equipment will be available, as I have a case where it will be necessary.

Judge Brewer,

Please see the attached quote for hearing assist devices for 3 courtrooms.

After talking with Ray Lenow, he indicated that the prior quote was sized for a 100-person courtroom. He re-sized the quote for a 50-person courtroom and included equipment and installation in all 3 Chancery Courtrooms.

Please advise if this is appropriate.

Thank you, Shelton. Yes, it is important to have at least 2 sets as the population is aging rapidly. Judge CLARK had need while the mental commitment also needed set.
We need at least 2 but, wd prefer a set for each courtroom

Judge Brewer,

The Board passed your request for hearing assistance devices to me.

In your letter, you indicate that each courtroom will require these devices. Are you asking that 3 sets of devices be purchased?

Thanks,
Shelton
