Scott, this is Kim Poole with white oak construction, inc. I was going to build on lot 71 in first colony. After getting permitted, I realized I could not afford to build there with lumber prices the way they are, so I sold the lot. I am requesting a refund on the \$1426.00 that I paid for permit. The builder that bought the lot is already in the process of getting his plans permitted. Thanks for your help. Kim Poole.
