CAUTION! External Content. Please use caution when opening attachments and links. Do not provide your username and password if requested.

Jeremy,

Thank you for sending these. I've gone over all of them, and your calculations are – as usual – correct. These all total \$550,449.70, as set out in your previous message.

I do document one change: A3 is a Tahoe PPV which was originally sent in as Black, but you have changed the color to White.

Please let me know if you have any questions, or if you need more information.

Thank you for your business.

Pat McCarthy
Fleet & Government Manager

Subject: vehicle spec sheets

Pat:

Attached are spec sheets for 16 new vehicles.

10 PPV Tahoes in patrol specs
3 PPV Tahoes in varied unmarked specs
1 SSV Tahoe
2 SSV Silverados

Total costs that I calculated with the listed options is \$550,449.70

Let me know if you agree with the calculation and if so I will submit a requisition for the July 6th Board of Supervisors meeting and should have a purchase order that day or the next day.

Thanks,

Jeremy Williams
