SUMMARY OF PROPOSED APPRAISAL ACTIVITY

2021 - 2022

MADISON COUNTY

REAL PROPERTY APPRAISAL:

A. RESIDENTIAL PROPERTY

Over 600 new houses are expected to be completed this year. These properties will be inspected, measured, data entered and edited. Land sales in existing subdivisions with new houses will be analyzed as new houses are completed and potential value changes for land in those areas will be compared to the sales ratio studies of the county. Sales ratio studies using closing statements from Homestead Exemption, mail questionnaires, and individual contacts will be used to determine market trends.

B. NEW COMMERCIAL PROPERTIES

Approximately 50 commercial and industrial properties are expected to be completed this year. These properties will be inspected, measured, data entered and edited. Bids, bonds, exemption data and permits will be compared to values estimated by the MS Department of Revenue manuals and edited to make sure all adjustments and improvements are valued. Appraise and inspect all tax exemption requests including industrial exemptions, agricultural-forestry exemptions, builder's affidavits and builder's exemptions.

C. Approximately 25% of residential, commercial, industrial or vacant land will be revisited with necessary changes made that will reflect market value and the MS Department of Revenue Rule 6 guidelines.

D. SALES DATABASE

A sales data base will be maintained and plotted for small and large land tract properties. A residential and commercial ratio study will be analyzed based on sale questionnaires and other sale information obtained from the local market.

E. PERSONAL PROPERTY

Approximately 400 new businesses will be field inspected and audited (if field inspections or renditions indicate questions of value). 4500 renditions will be sent to taxpayers and reviewed when returned to the Tax Assessor's office with audits and inspections performed on questionable renditions. Approximately 750 existing businesses will be revisited, inspected, data revised and edited in accordance with Rule 8. Phone audits will be performed on taxpayers not rendering. Asset listings will be requested and obtained in advance of physical inspections of new businesses. Correspondence with city and county regarding privilege licenses to be compared with canvas audits performed in the field. Process Freeport Warehouse annual reports and licenses for new Freeport warehouses. Inspect tax exempt applications and prepare Tax Assessor's position statement.

Revisiting of existing businesses is based on geographic area to allow appraisers to work complete streets, shopping centers and buildings to look for businesses that are not on the tax roll. The county is divided into 4 geographic areas.

F. MAPPING

The mapping department accesses deeds within 24 hours of filing with the Chancery Clerk. The mapping department also manages special taxing districts within the County. 16th Section leases will be reviewed, and the mapping department will work all problem deeds and meet with taxpayers concerning mapping problems.

G. HOMESTEAD EXEMPTION

The homestead department estimates approximately 3500 exemptions will be filed this year. After the deadline to apply for homestead closes on April 1, the applications will be edited. Rental lists, death certificates, deeds, and various other data will be researched to remove homestead from properties that do not qualify and should be changed to Class II. 28,142 homestead accounts will be maintained and edited from the previous year. In addition, this department is responsible for tax estimates, taxpayer inquiries, and receipt of requests for review. This is the office that is responsible for first contact by phone or walk-ins.

2021 - 2022 Employee Assignments with Duties

General:

Tax Assessor: Norman A. Cannady, Jr., MAE, GA, RA

Performs statutory and constitutional requirements for the office.
