**To:** Customers purchasing Motorola Radios as part of MSWIN  
**From:** Craig P. Orgeron, Ph.D., Executive Director of ITS  
Vicki Helfrich, Executive Officer of the WCC  
**Date:** July 2, 2010 (Revised July 27, 2017)  
**Re:** MSWIN RFP 3429: Instructions for Use

---

## 1. Introduction

- 1.1 Information Technology Services (ITS) and the Wireless Communication Commission (WCC) issued Request for Proposal (RFP) 3429 for a statewide Digital Trunked Land Mobile Radio System service. In June 2007, the WCC executed a turnkey agreement with Motorola Solutions, Inc. f/k/a Motorola, Inc. ("Motorola") for the implementation of the statewide radio system to be known as the Mississippi Wireless Information Network (MSWIN).
  - 1.2 This *MSWIN RFP 3429: Instructions for Use* Memorandum provides ITS and WCC customers authorization and instructions for making purchases using the MSWIN Motorola 3429 contract.
  - 1.3 *Who May Use:* MSWIN RFP 3429 may be used in the acquisition of specific Motorola configurations of Mobile, Portable, and Dispatch Console units and accessories by Mississippi agencies, universities, community/junior colleges and governing authorities (cities, counties and school districts). This award meets Mississippi requirements for legal purchases.
  - 1.4 *Dollar Limitations of Use*
    - 1.4.1 Any procurement of wireless communication equipment and services which when combined with previous procurements during the current fiscal year exceeds \$100,000 requires prior approval by the WCC. The procedure for requesting approval is located on the WCC web site at <http://www.wcc.ms.gov/>.
    - 1.4.2 Any use of RFP 3429 must have prior, written approval for all purchases over \$100,000 from the WCC, as described in Section 4 below.
-

Once the WCC has provided written approval, there is no maximum dollar limitation for use of RFP 3429. Radio purchases under \$100,000 may use the Two-Way Radio Express Products List, available at <http://dsitspe01.its.ms.gov/its/RadioEPLOnline.nsf/VendorPrint?OpenForm>

1.4.3 For purchases under \$100,000 the WCC has delegated authority to purchase from RFP 3429 to the customer entity.

1.5 *Effective Dates* (Updated July 26, 2017)

RFP 3429 is effective from June 29, 2007 to ~~June 30, 2017~~ June 30, 2021. Effective July 2, 2010, Motorola has created the special MSWIN RFP 3429 Website for customer price verification as described in the ordering process below.

### 3. Use of Two-Way Radio EPL for Service Quotations and Other Purchases

- 3.1 ITS currently has two contracts covering Two-Way Radios. Either may be used as best fits the customer, project, and the purchase size.
  - 3.1.1 Two-Way Radio EPL 3744 is a multi-award Express Products List that includes many manufacturers and dealers. It has a \$200,000 per fiscal year spending limit without additional approval from ITS. For purchases over \$50,000, the customer MUST obtain quotations from two or more EPL sellers. For any acquisition that results in an expenditure over \$100,000 in a fiscal year, the customer MUST also receive written approval from the WCC. The Two Way Radio EPL includes both MSWIN compatible radios as well as non-MSWIN, from both Motorola as well as other Manufacturers.
  - 3.1.2 MSWIN RFP 3429 is a single award contract to Motorola and only includes products and bundles proposed as part of the MSWIN project. Its use requires approval from the WCC for over \$100,000. For purchases under \$100,000 the WCC has delegated authority to purchase from RFP 3429 to the customer entity.
  - 3.1.3 There is some redundancy as some of the same MSWIN products and bundles are available for smaller purchases on the Two-Way Radio EPL.
- 3.2 Work with the Motorola representative listed in item 5 to understand whether your radio purchase needs will be part of the statewide MSWIN system.
- 3.3 RFP 3429 pricing does not include the unit service costs for the installation or configuration of the radios. Please ensure that any installation pricing

proposed on the quotation from Motorola or a Motorola dealer is no more than the vendor's pricing on Two-Way Radio EPL 3744.

- 3.3.1 Two-Way Radio EPL Interactive Vendor Fees  
<http://dsitspe01.its.ms.gov/its/RadioEPLOnline.nsf/VendorPrint?OpenForm>
- 3.3.2 Services for Governing Authorities such as counties are governed under public purchasing law, but ITS highly recommends that you use the Two-Way Radio EPL approved rates as the not-to-exceed cost.

#### 4. Delegation of Authority to Purchase Two-Way Radio Products and Services

##### 4.1 Wireless Communication Commission (WCC)

Senate Bill 2514, 2005 Regular Session, established the Mississippi Wireless Communication Commission to ensure critical personnel have effective communications services available in emergency situations. The enabling legislation specifically directs the Commission to implement a statewide wireless communications system for state and local governments that enables interoperability between various wireless communications technologies. The Commission is further tasked with the responsibility for approving all wireless communication purchases within the state and for setting forth rules and regulations governing these purchases.

##### 4.2 Dollar Limits. The WCC has delegated the purchase approval of wireless products lifecycle cost within certain ranges and has further established an approval process for procurements above these levels. All government entities in the state are under the WCC purview, both state and local.

4.2.1 Lifecycle cost < or = \$100,000; no WCC review required. Normal public purchasing guidelines followed including use of ITS Express Products Lists (EPLs).

4.2.2 Lifecycle cost > \$100,000 but < \$250,000; requires review and approval of WCC Review Committee. Normal public purchasing guidelines followed including use of ITS Express Products Lists (EPLs).

4.2.3 Lifecycle cost > \$250,000; requires review and approval of WCC Review Committee AND the Commission. Normal public purchasing guidelines followed.

##### 4.3 For more information on the Wireless Communication Commission, please visit their website: <http://www.wcc.ms.gov/> or call 601-359-5333. The forms to request WCC approval for your project are available by choosing "Purchasing Rules, Guidelines, and Procedures."
