Re: Work on Private Property
741 Ratliff Ferry Road

The Engineering Department has determined that the stump of a tree is blocking the ditch on private property at 741 Ratliff Ferry Road which is backing up water onto the right-of-way of Ratliff Ferry Road.

It is the recommendation of the Engineering Department and in the best interest of the County and the public's health, safety and welfare that the Board approve work on private property, allowing the stump to be removed.
