Re: Purchase of Court Reporting Equipment for Courtroom 3

Dear Board Members:

Similar to the system recently placed in Courtroom 1 of the County Courthouse, attached please find the proposed Order for your approval requesting the purchase of certain court reporting equipment for Courtroom 3 in the County Courthouse. The equipment provides required record keeping in the absence of a Court Reporter as well as Recording Equipment for those matters where an actual Court Reporter is required. The system in Courtroom 3 is quite old and at times unreliable and needs to be replaced to keep up with updated software needs. This expense was anticipated and is covered in our existing County Court Budget.

Please contact me should you need additional information.

Sincerely,

A handwritten signature in blue ink that reads "Staci O'Neal".
