RE: Non-Breakaway Mailboxes on Livingston Road State Aid Project  
State Aid Project No.: SAP-45(11)M

The Livingston Road State Aid Project is a 2.7 mile maintenance overlay project that begins at West County Line Road and ends at the intersection of Livingston Road and Lake Cavalier Road. There are at least five (5) non-breakaway (brick) mailboxes within the roadway clear zone on this project. These mailboxes will need to be removed from the clear zone before State Aid will allow construction to begin on this project.
