Madison County Election Commission
Helen Carney
via email

Dear Ms Carney,

Thank you for allowing us to quote the Election Commission on the delivery and pickup of the voting machines for the November election.

The cost per truck, per day will be \$2,750.00 each. We will provide 3 trucks, with 3 people each to run the 4 routes. These will be our standard moving trucks and I understand that you do not want the machines rolled up the ramps, so they will be loaded by hand from the ground. For the June drop off and pickup, the total will be \$16,500.

If you would like to add the valuation for the machines, \$155,000 coverage for each truck will add \$1,200 each to the pricing. This valuation will only cover physical damage to the machines. If there is mechanical damage, without the machines being damaged, dropped or abused, it is excluded. This valuation charge also applies for each day, so it will add \$7,200 to the price for the June election.

Thank you again for allowing us to quote you on this project. Please call me at 601-922-5700, if you have any questions.

Thanks,

Scott McGehee
President
