*Installment Rebate Calculation For the Period*  
*September 28, 2017 to October 1, 2021*

Dear Ms. White:

Attached please find a copy of our rebate report for the above noted bonds. The report indicates there is no rebate liability as of the October 1, 2021 Installment Rebate Computation Date. Based upon the report and underlying assumptions, no IRS payment or filing is otherwise currently required.

The next Installment Rebate Computation Date is October 1, 2026. We will be in contact at that time. Should the issue be redeemed or refunded prior to then, please let us know as it may advance the next compliance date. If you have any questions or comments, please do not hesitate to contact me at (713) 522-8527. It has been our pleasure working with your team and we look forward to being of service again in the very near future regarding any other arbitrage rebate compliance or verification service needs.

Very truly yours,  
The Arbitrage Group, Inc.

**\$8,000,000**  
**Madison County, Mississippi**  
**General Obligation Road and Bridge Bonds**  
**Series 2017**

Madison County, Mississippi (the "County") issued the above referenced bonds (the "Bonds") dated and delivered on September 28, 2017. At the request of the County, we have performed the procedures enumerated below for the period September 28, 2017 to October 1, 2021 (the "Computation Period"). These procedures, which were agreed to by the County, were performed solely to assist the County in evaluating compliance with the requirements of Section 148(f)(2) of the Internal Revenue Code of 1986, as amended (the "Code"). This engagement was performed in accordance with standards established by the American Institute of Certified Public Accountants for consulting services. The sufficiency of these procedures is solely the responsibility of the specified users of the report. This report is intended solely for your information and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. This report is not to be quoted or referred to without our prior written consent.

Our procedures and findings are as follows:

- (1) We read the Certificate as to Non-Arbitrage, excerpts from the Official Statement, and the General Ledger Account Detail Schedules provided to us by the County.
- (2) A schedule of the sources and uses of funds (Exhibit A) was assembled based on the Certificate as to Non-Arbitrage.
- (3) A schedule of the debt service requirements of the Bonds to scheduled maturity (Exhibit B-2) was assembled based on the Official Statement.
- (4) The yield on the Bonds was computed to be the discount rate that causes the present value of all principal and interest payments on the Bonds to equal the Issue Price to the Public assuming certain early redemptions as detailed in Item (6) of Exhibit E. The yield on the Bonds assuming certain early redemptions was computed to be 2.279259% (Exhibit B-1).

Madison County, Mississippi  
 May 25, 2022  
 Page 2

- (5) A schedule of actual earnings on the nonpurpose investments in the Construction Fund purchased with gross proceeds of the Bonds during the Computation Period (Exhibit C) was assembled based on the General Ledger Account Detail Schedules.
- (6) The allowable earnings amount on the nonpurpose investments in the Construction Fund was calculated to be the amount that the nonpurpose investments in the Construction Fund would have earned if they had been invested at a rate equal to the yield on the Bonds assuming certain early redemptions of 2.279259% (Exhibit C).
- (7) The arbitrage earnings amount during the Computation Period for the Construction Fund was calculated to be the difference between the actual earnings and allowable earnings for the nonpurpose investments in the Construction Fund. The arbitrage earnings amount is as follows:

Trust Fund	Exhibit	Arbitrage Earnings
Construction Fund	C	(\$184,807.97)
Less Computation Date Credit	D	(7,258.62)
Total Negative Arbitrage Earnings		(\$192,066.59)

- (8) The assumptions and computational information employed in the above calculations are explained in Exhibit E.
- (9) Based on the information provided by the County and the assumptions employed, this report reflects that there was no rebate liability due for the Bonds as of the October 1, 2021 Installment Rebate Computation Date.

Because the above procedures do not constitute an audit conducted in accordance with generally accepted auditing standards, we do not express an opinion on any of the information referred to above. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you. The terms of our engagement are such that we have no obligation to update this report because of events and transactions occurring subsequent to the date of this report.

Very truly yours,

*The Arbitrage Group, Inc.*

# Assumptions and Computational Information

*\$8,000,000*

*Madison County, Mississippi*

*General Obligation Road and Bridge Bonds*

*Series 2017*

- (1) Pursuant to Section 8.2 of the Certificate as to Non-Arbitrage, the Bonds represented a single bond issue for arbitrage rebate and bond yield calculation purposes.
- (2) Pursuant to Section 5.1 of the Certificate as to Non-Arbitrage, the County selected the one year period (or shorter period from the date of issue of the Bonds) ending October 1 as the bond year for the purposes of calculating arbitrage rebate. Consequently, October 1, 2021 (the end of the 5th Bond Year) was the first Installment Rebate Computation Date for the Bonds.
- (3) As represented by the County, the Bonds have not been refunded.
- (4) The amounts denoted by an " \* " on the Sources and Uses of Funds (Exhibit A) were spent at closing and/or never invested as represented in the Certificate as to Non-Arbitrage and/or the County. Consequently, no investment activity was included in the computation for these amounts.
- (5) Present value and future value computations were made on the basis of a 30/360 day year and semiannual compounding.
- (6) Pursuant to Section 1.148-4(b)(3) of the Regulations, for purposes of computing the yield on the Bonds, if a fixed yield bond is subject to optional early redemption and is described in paragraph (b)(3)(ii) of this section, the yield on the issue containing the bond is computed by treating the bond as redeemed at its stated redemption price on the optional redemption date that would produce the lowest yield on the issue. The premium bonds maturing October 1, 2035 represent callable premium bonds described in paragraph (b)(3)(ii) of this section. The lowest yield on the issue resulted by treating these bonds as optionally redeemed at 100% of par on their earliest redemption date on October 1, 2027.
- (7) As represented by the County, no fees were received or paid to commence or terminate a Guaranteed Investment Contract, Investment Agreement, Forward Purchase Agreement, or similar type investment. Consequently, no such fees or payments were included in the computation.
- (8) As represented by the County, the only funds which were funded and contained gross proceeds of the Bonds during the Computation Period were the Construction Fund and Bond Fund (the "Trust Funds").
- (9) The transaction amounts in the Principal Amounts, Interest, and Gain (Loss) columns shown in Exhibit C for each date represent the net transaction activity for that date. Net investment and interest purchases are denoted by parentheses. The Gain (Loss) columns represent the net gains and losses, if any, on investments purchased and/or sold at discounts and premiums.
- (10) It was assumed the purchase price of each investment was at fair market value, did not include brokerage or other acquisition fees, and represented an arm's length transaction which did not reduce the rebate amount to be paid to the United States.
- (11) All amounts withdrawn from the Trust Funds were assumed to be spent for the purpose of the bond issue on the day they were withdrawn.

# Assumptions and Computational Information

*\$8,000,000*

*Madison County, Mississippi*

*General Obligation Road and Bridge Bonds*

*Series 2017*

- (12) The Bond Fund was excluded from the computation pursuant to Section 148(f)(4)(A)(ii) of the Code which excludes from the rebate computation bona fide debt service funds as defined in Section 1.148-1(b) of the Regulations. Section 4.3 of the Certificate as to Non-Arbitrage indicates the Bond Fund is intended to function as a bona fide debt service fund. Trust Statements for the Bond Fund were not provided for our review.
- (13) Pursuant to Section 1.148-3(d)(1)(iv) of the Regulations, on the last day of each bond year during which there are amounts allocated to gross proceeds of an issue that are subject to the rebate requirements, and on the final maturity date, a computation credit is allowed as a payment. The payment amount is future valued from the last day of each bond year to the Computation Date at a rate equal to the yield on the Bonds (Exhibit D).
