Dear Board of Supervisors,

The County owned Fire Truck which is assigned to Camden Fire Department is a 2006 American LaFrance. The Air Packs (SCBA) on the Fire Truck are also 2006 models and are in need of repairs. Because of the age of these Air Packs, they are no longer supported by the manufacture. Four (4) new Air Packs will need to be purchased in order to bring the Fire Truck back up to NFPA compliance. The air packs can be purchased under MS State Contract pricing through Sunbelt Fire. The total cost of replacement is \$35,722.00. Attached is the quote from Sunbelt Fire.

Respectfully,

Minor Norman
Fire Coordinator

8050 McGowin Dr.
