To Whom This May Concern;

The Flora Fire Department currently has 15 ISI Self Contain Breathing Apparatus (SCBA) and 30 bottles to enter any IDLH atmosphere. Our SCBA's were purchased in 2007 and the bottles will expire at the end of this year. The manufacture that our SCBA's no longer service the United States. We cannot get the SCBA's serviced, order any parts or purchase anything from the manufacture. With that being said they are obsolete.

We are looking to purchase 15 Scott SCBA's with 30 bottles and asking Madison County if they would purchase 8 units to outfit the two County Engines that the Town of Flora currently has under contract to provide fire protection in our response area outside our city limits. The Town of Flora will purchase 7 units to outfit our city fire engine to bring the department back to NFPA compliant.

If you have any questions, feel free to contact the fire department.
