What is the Unique Entity ID?

What is the Unique Entity ID?

TODAY

The authoritative unique entity identifier used by the federal government is the **DUNS Number**

- The DUNS Number is a 9-character numeric value
- Managed, granted, and owned by Dun & Bradstreet

APRIL 4, 2022

The authoritative unique entity identifier used by the federal government will be the **Unique Entity ID (SAM)**

- The Unique Entity ID (SAM) is a 12-character alphanumeric value
- Managed, granted, and owned by the government

The DUNS Number will remain the authoritative identifier until 4/3/2022

Why is the Change from DUNS to Unique Entity ID Happening?

Why is the Change from DUNS to Unique Entity ID Happening?

The move from DUNS to the Unique Entity ID (SAM) is a **federal government-wide initiative**.

OMB has directed federal agencies/systems to complete their transition to the Unique Entity ID (SAM) no later than April 4, 2022.

GSA's role in the federal transition is, in part, to assign the Unique Entity ID (SAM) as part of the entity registration process.

GSA is also preparing all IAE systems (SAM.gov, FPDS, FAPIIS, etc.) to display, accept, and/or assign the new Unique Entity ID.

Why is the Change from DUNS to Unique Entity ID Happening?

The federal government is **streamlining** the entity registration process and **making it easier for entities** to do business with the federal government.

- This change simplifies the process of registering your organization to do business with the federal government.
 - Entities will be assigned an identifier during registration; you will not need to go to a third party to obtain an identifier or to get help.

How Long Will it Take to Get a Unique Entity ID?

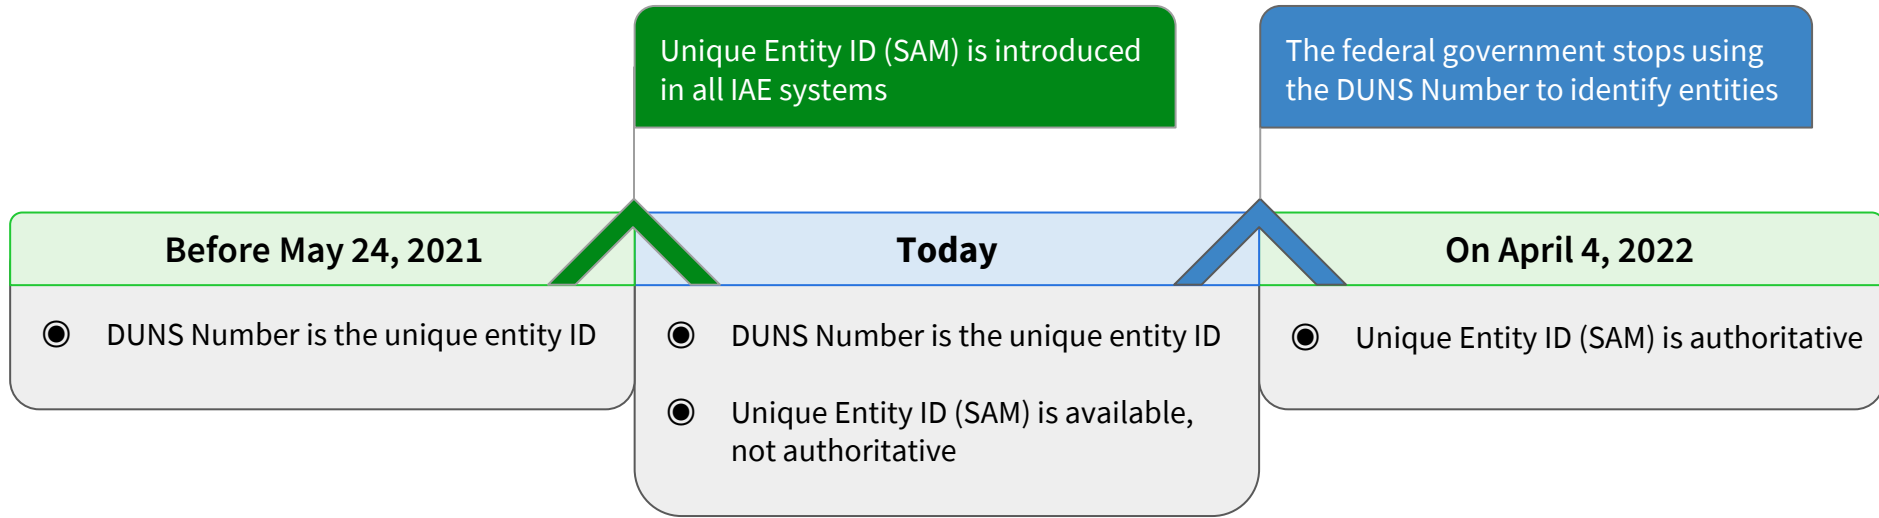

How Long Will it Take to Get a Unique Entity ID?

- ✓ If your entity is registered in SAM.gov today, you already have your Unique Entity ID (SAM). This includes inactive registrations.
- ✓ When requesting a Unique Entity ID **only**, successful entity validations will occur immediately.
- ✗ If unsuccessful, the entity will need to contact the Federal Service Desk. The validation assistance will depend on the complexity of the entity validation.
- ⓘ Both entity registrants, and those only getting a Unique Entity ID, will go through the same entity validation process.
- ⓘ While successful entity **validations** will occur immediately, full entity **registration approval** will still take up to 10 business days to process.
