To: Madison County Board of Supervisors
From: Scott Weeks
Subject: Inspection Fees
Date: 9-2-2022

It has been requested that I look into inspection fees for Madison County Building Inspectors. I have been unable to find that any changes have been made to our inspection fees since approximately 1994. The fees associated with inspections are \$45.00 per inspection on all permits except mobile homes which are \$60.00. While it is difficult to find inspection fees for contract workers, I have discovered some municipalities and counties are roughly in the \$75.00 range and reinspection fees are higher.

I would like the Board of Supervisors to consider an increase to a \$75.00 inspection fee on all inspection fees and reinspection fees.
