Recipients are required to enter projects funded through SLFRF funds as part of their Project and Expenditure Report. Projects can be entered, viewed, and updated from this screen.

All projects, regardless of Expenditure Category, require a set of "standard" data fields. Some of these fields, such as project name and project ID, are static and do not change across reporting periods. Other fields, such as status of completion and total obligations, will change across reporting periods.

Note: Bulk Upload templates will appear once you have selected the Project Expenditure Category

You may need to refresh your browser screen to see your new entries.

Revenue Replacement

Recipients will have the option below to update or provide information associated with revenue replacement.

Depending on your answer to the question, "Is your jurisdiction electing to use the standard allowance of up to \$10 million for identifying the revenue loss?" you will be asked conditional questions.

Please note: during the period of performance covered by this report, the Interim Final Rule still applies. However, if your jurisdiction is calculating your "Revenue loss due to COVID-19 Public Health Emergency" using your fiscal year, you may do so by completing the "Fiscal Year End Date" field and entering your revenue loss in the same "Revenue loss due to COVID-19 Public Health Emergency" field.

If that situation applies to you, please make clear in the "Provide an explanation..." text box that you are using fiscal year for your calculation.
