SUBJECT: Requesting Funding for Radio Purchase

Dear Director Jones,

I am working on purchasing Motorola mobile units and Motorola handheld units for the police vehicles that we will be purchasing and donated from the Madison County Sheriff's Office and Handheld units for the police officers. The expense for these radios will be \$52,432.73. This purchase would be a major expense to our police department budget. Since we are a new city with a smaller start up budget than most departments that are established, I would like to ask for assistance in paying for these radios through the Madison County E-911 funds.

I would like to Thank You for your consideration in this matter.

Sincerely,

Wendell E. Watts
