TAX INFORMATION

Description of County Taxes

Procedure for Property Assessments. Real and personal property valuations other than motor vehicles and property owned by public utilities are determined by the County Tax Assessor. All taxable real property situated in the County is assessed each year and taxes thereon paid for the ensuing year. Assessment rolls of such property subject to taxation are prepared by the County Tax Assessor and are delivered to the Board of Supervisors on the first Monday in July. Thereafter, the assessments are equalized by the Board of Supervisors and notice is given to the taxpayers that the Board of Supervisors will meet to hear objections to the assessments. After objections are heard, the Board of Supervisors adjusts the rolls and submits them to the Department of Revenue, formerly known as the State Tax Commission, of the State (the "Department of Revenue"). The Department of Revenue may then accept the rolls, or, if it finds the rolls incorrect in any valuation, it may return the rolls to the Board of Supervisors for correction. The Board of Supervisors then revises the tax rolls in accordance with the recommendations of the Department of Revenue. If the Board of Supervisors has any objections to the direction of the Department of Revenue to revise the rolls, it may arrange a hearing before the Department of Revenue. Otherwise, the assessment rolls are finalized and are submitted to the County Tax Collector for collection. The assessed value of motor vehicles is determined by an assessment schedule prepared each year by the Department of Revenue. With minor exceptions, the property of public utilities is assessed each year by the Department of Revenue.

Procedure for Tax Collections. The Board of Supervisors is required each year to levy taxes upon all of the taxable property within the County to provide sufficient revenue to cover the operating expenses of the County, including the payment of the principal of and interest on its outstanding bonds. If any taxpayer neglects or refuses to pay his taxes on the due date thereof, the unpaid taxes will bear interest at the rate of one percent per month or fractional part thereof from the delinquent date to the date of payment of such taxes. When enforcement officers take action to collect delinquent taxes, other fees, penalties and costs may accrue. Both real and personal property is subject to being sold at public sale for nonpayment of taxes.

Ad valorem taxes on personal property are payable at the same time and in the same manner as on real property. Section 27-41-15, Mississippi Code of 1972, as amended, provides that upon failure of a taxpayer to make timely payment, the tax collector of each county is authorized to sell any personal property liable for unpaid taxes at the courthouse door of such county unless the property is too cumbersome to be removed. Five days' notice of the sale in an advertisement posted in three public places in such county, one of which must be the courthouse, is required. Interest, fees, costs and expenses of sale are recoverable in addition to the delinquent taxes. If sufficient personal property cannot be found, the tax collector may make a list of debts due such taxpayer by other persons and sell such debts and is further directed to distrain and sell sufficient other properties of such taxpayer to pay the delinquent taxes. Debts sold may be redeemed within six months from the sale in the same manner as redemption of land from tax sales.

Section 27-41-55, Mississippi Code of 1972, as amended, provides that after the fifth day of August in each year, the tax collector for each county shall advertise and sell all land in such county on which all taxes due and in arrears have not been paid, as well as all land liable for other matured taxes. The sale is held at the door of the courthouse of such county on the last Monday of August. The owner, or any person interested in the land sold for taxes, may redeem the land at any time within two years after the date of sale by paying all taxes, costs, interest and damages due to the county's chancery clerk. A valid tax sale will mature two years after the date of sale unless the land is redeemed and title will vest in the purchaser on such date.

At the option of the tax collector, advertisement for the sale of such county lands may be made after the fifteenth day of February in each year with the sale of such lands to be held on the first Monday of April following. All provisions which relate to the tax sale held in August of each year shall apply to the tax sale if held in April.

County and municipal taxes, assessed upon land or personal property, are entitled to preference over all judgments, executions, encumbrances or liens however created.

The above assessed valuations for assessment years 2017 through 2021 are based upon the following assessment ratios:

- (a) real and personal property (excluding single-family, owner-occupied residential real property and motor vehicles, respectively), 15% of true value;
- (b) single-family, owner-occupied residential real property, 10% of true value; and
- (c) motor vehicles and public utility property, 30% of true value.

The 1986 Session of the Mississippi Legislature adopted House Concurrent Resolution No. 41 pursuant to which there was proposed an amendment to Section 112 of the Mississippi Constitution of 1890 (the "1986 Amendment"). The 1986 Amendment provided, inter alia, that the assessment ratio of any one class of property shall not be more than three times the assessment ratio on any other class of property.

The 1986 Amendment set forth five classes of property and the assessment ratios which would be applicable thereto upon the adoption of the 1986 Amendment. The assessment ratios set forth in the 1986 Amendment are identical to those established by Section 27-35-4, Mississippi Code of 1972, as amended, as it existed prior to the 1986 Amendment, except that the assessment ratio for single-family, owner-occupied, residential real property under the 1986 Amendment is set at 10% of true value as opposed to 15% of true value under previously existing law. The 1986 Amendment was ratified by the electorate on June 3, 1986.

The assessed valuation figures above do not include property exempt from all County ad valorem taxes for a period of up to 10 years, primarily for new or expanded manufacturing facilities. This real and personal property will become subject to County ad valorem taxation at different points in time during the next 10 years. In addition, certain other industrial and manufacturing facilities are exempt from ad valorem taxation pursuant to Section 57-3-33, Mississippi Code of 1972, as amended, and other applicable laws.

Reappraisal of Property and Limitations on Ad Valorem Levies

Senate Bill No. 2672, General Laws of Mississippi, Regular Session 1980, codified in part as Sections 27-35-49 and 27-35-50, Mississippi Code of 1972, as amended and supplemented from time to time (the "Reappraisal Act"), provides that all real and personal property in the State shall be appraised at true value and assessed in proportion to true value. To insure that property taxes did not increase dramatically as counties completed reappraisal, the Reappraisal Act provided for the limit on increase in tax revenues discussed below.

The Reappraisal Act limits ad valorem tax levies by the County to a rate which will result in an increase in total receipts of not greater than 10% over the previous year's receipts, excluding revenue from ad valorem taxes on

The total assessed valuation is approved in September preceding the fiscal year of the County and represents the value of real property, personal property and public utility property for the year indicated on which taxes are assessed for the following fiscal year's budget. For example, the taxes for the assessed valuation figures for 2021 are collected starting in January 2022 for the 2021-22 fiscal year budget of the County

any newly constructed properties, any existing properties added to the tax rolls or any properties previously exempt which were not assessed in the next preceding year. This limitation does not apply to levies for the payment of the principal of and the interest on general obligation bonds issued by the County or to certain other specified levies. The limitation may be increased only if the proposed increase is approved by a majority of those voting in an election held on such question.

On August 20, 1980, the Mississippi Supreme Court rendered its decision in *State Tax Commission v. Fondren*, 387 So.2d 712, affirming the decree of the Chancery Court of the First Judicial District of Hinds County, Mississippi, wherein the Department of Revenue was enjoined from accepting and approving assessment rolls from any county in the State for the tax year 1983 unless the Department of Revenue equalized the assessment rolls of all of the counties. Due to the intervening passage of the Reappraisal Act, the Supreme Court reversed that part of the lower court's decree ordering the assessment of property at true value (although it must still be appraised at true value), holding instead that assessed value may be expressed as a percentage of true value. Pursuant to the Supreme Court modification of the lower court's decree, on November 15, 1980, the Department of Revenue filed a master plan to assist counties in determining true value. The County has completed its reappraisal.

Homestead Exemption

The Mississippi Homestead Exemption Law of 1946 reduces the local tax burden on homes qualifying by law and substitutes revenues from other sources of taxation on the State level as a reimbursement to the local taxing units for such tax loss. Provisions of the homestead exemption law determine qualification, define ownership and limit the amount of property that may come within the exemption.

Those homeowners who qualify for homestead exemption and (a) have reached the age of 65 years on or before January 1 of the year for which the exemption is claimed, or (b) are service-connected and totally disabled veterans who (i) were honorably discharged from military service, (ii) are classified as disabled under the Federal Social Security Act, Railroad Retirement Act, or any other federal act approved the by State Department of Revenue, (iii) are totally disabled under the provisions of a retirement plan that is considered to be qualified under the United States Internal Revenue Code, which qualification is determined by the State Department of Revenue, or (iv) are totally disabled as determined by the State Department of Revenue pursuant to its rules and regulations, are exempt from any and all ad valorem taxes on qualifying homesteads not in excess of \$7,500 of assessed value thereof.

Subject to the limitations hereinafter described, the tax loss resulting to local taxing units from properly qualified homestead exemptions is reimbursed by the State Department of Revenue. Reimbursements are limited to, in the case of exempted county taxes, to \$50.00 for county taxes exempted and \$100.00 for school taxes exempted per qualified homestead exemption applicant. In the case of tax losses suffered by a municipality as a result of those qualified applicants who have reached 65 years of age or meet the disability requirements found in subsection (2) of Section 27-33-67, Mississippi Code of 1972, as amended, the reimbursement shall equal the full amount of the actual exemption allowed, not to exceed \$200.00 per qualified homestead applicant. Provided, however, no taxing unit may be reimbursed an amount in excess of 106% of the total net reimbursement made to such taxing unit in the next preceding year, nor may any taxing unit be reimbursed less than the total net reimbursement made to such taxing unit in the next preceding year.

Statutory Debt Limitations. The County is subject to a general statutory debt limitation under which no county in the State may incur general obligation bonded indebtedness in an amount which will exceed 15% of the assessed value of all taxable property within such county according to the last completed assessment for taxation.

In computing general obligation bonded indebtedness for purposes of this 15% limitation, there may be deducted all bonds or other evidences of indebtedness heretofore or hereafter issued for the construction of hospitals, ports or other capital improvements payable primarily from the net revenues to be generated from such hospitals, ports or other capital improvements in cases where such revenue is pledged to the retirement of the indebtedness, together with the full faith and credit of such county. However, in no case may a county incur indebtedness which, when added to all of its outstanding indebtedness, both bonded and floating, exceeds 20% of the assessed value of the taxable property within such county.

The total general obligation indebtedness of a county, both bonded and floating (including bonds excepted from the 15% debt limit above), may not exceed 20% of the assessed value of all taxable property within such county. However, bonds issued for school purposes and industrial development bonds issued under the State's Balance Agriculture with Industry Program are specifically excluded from both the 15% debt limitation and the 20% debt limitation (but are subject to statutory limits applicable to bonds of each type, respectively). Bonds issued for washed-out or collapsed bridges apply only against the 20% debt limitation.

President, Board of Supervisors

Dated:

50756965 v1

¹ For the purposes of the event identified in subparagraph (b)(5)(i)(C)(12) of the Rule, the event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for an obligated person in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the obligated person, or if such jurisdiction has been assumed by leaving the existing governing body and official or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the obligated person.

For purposes of the events identified in subparagraphs (b)(5)(i)(C)(15) and (16) of the Rule, the term "financial obligation" is defined to mean a (A) debt obligation; (B) derivative instrument entered into in connection with or pledged as security or a source of payment for, an existing or planned debt obligation; or (C) a guarantee of (A) or (B). The term "financial obligation" does not include municipal securities as to which a final official statement has been otherwise provided to the MSRB consistent with the Rule. Numerous other terms contained in these subsections and/or in the definition of "financial obligation" are not defined in the Rule; SEC Release No. 34-83885 contains a discussion of the current SEC interpretation of those terms. For example, in the Release, the SEC provides guidance that the term "debt obligation" generally should be considered to include only lease arrangements that operate as vehicles to borrow money.
