HCA and FDTC personnel are responsible for maintaining student confidentiality as guided by HIPAA (the Health Insurance Portability and Accountability Act) and FERPA (the Family Educational Rights and Privacy Act).

When a student is referred by the Court, an appointment is made by Health Connect America with a Master's level therapist. The therapist will obtain a written release of information giving both agencies authorization to correspond in reference to the referred individual. Upon completion of the first contact, a letter is sent to the Court reflecting assessment and recommendation for treatment services to be provided. All individuals are offered Psychiatric Diagnostic Services within 14 days of initial assessment. HCA staff must follow crisis protocol as set forth by state regulations. If HCA is unable to provide mental health services that fit the needs of the client, HCA staff will attempt to connect the individual and family with appropriate mental health services and may refer to other levels of care based on medical necessity. HCA plans to provide additional services to students and families on an "as-needed basis" to all students that exhibit a medical necessity for higher level of care. Utilizing agreements with Medicaid MCOs, Ambetter, CHIPS, and Blue Cross Blue Shield, the Company will be able to provide intensive in-home/schools services, case management, medication management,

and/or intensive outpatient services. These services require the individual to demonstrate a significant time-limited, weakening of his or her support system and ability to function independently or within the current support system. For individuals needing psychiatric services

or a higher level of care, guardians will be contacted, and appropriate referrals made within and outside of HCA based on the individual's needs.

Payers for Mental Health Services

HCA will utilize client's insurance to cover the cost of mental health services. The primary payer sources are Magnolia CANS, Molina, United Health Care, Ambetter, CHIPS, and Blue Cross Blue Shield. In the event the individual has no source of payor and is referred by the MCJDTC, and invoice is sent within 30 days of the month reflecting prior month service for payment. HCA contracts with the three statewide managed care organizations. HCA is in good standing for all three MCOs. Additional insurances will be utilized based on in-network options with HCA. If insurance is not available, the individual has no source of payor and is referred by the Madison County Youth Drug Treatment Court, an invoice will be sent within 30 days after services reflecting prior month service for payment.
