Re: Employer Cost of Medical Insurance

Madison County pays to the Madison County Self Insurance Fund an amount to cover the costs associated with providing Medical, Vision, Dental and Life insurance to its employees. This amount is also used in determination of reimbursement costs for grants and other purposes.

Please confirm the following monthly per-employee rates:

Medical Insurance	\$595.30
Vision / Dental / Life	<u>\$ 31.47</u>
Total	<u>\$626.77</u> per month

This will not be a rate change from the current year and does not change the employee's cost of this insurance.
